

## WEAK EFFORT OF KNUTE NELSON

Minnesota Senator Concludes His Speech in Favor of Joint Statehood Bill.

## FORAKER TO COME LATER

SEVERAL BILLS PASSED BY THE SENATE.

Washington, March 5.—In the senate today Mr. Nelson continued the discussion of the statehood bill, urging the passage of the measure as reported from the committee on territories. The remainder of the session was devoted to the passage of bills on the calendar, among them being one providing for compulsory education in the district of Columbia, and another regulating the selection of officers in the revenue cutter service.

Washington, March 5.—When the senate convened today Mr. Culberson reported favorably from the committee on judiciary a bill dividing the western judicial district of Texas and creating a new district. The bill was passed.

Mr. Knox submitted extracts from the law of certain states regulating railroads, setting forth the provisions for review of orders of state commissions. The extracts, he said, would be useful in considering the pending rate bill. They were ordered printed as a public document.

The statehood bill was then taken up and read.

Mr. Foraker gave notice of an anti-gambling amendment to the part of the statehood bill providing for the admission of New Mexico and Arizona as a state. He said that he would not ask the senate to vote on the provision, but desired to speak on it.

Mr. Nelson then addressed the senate in support of the joint statehood bill. He gave many alleged statistical facts in an effort to show that the conditions justify the creation of two states as provided for by the bill. Especially for the union of Arizona and New Mexico was made by the senator, who contended that the American element would do much to improve conditions favorable to statehood in New Mexico.

A bill authorizing commissions to issue in the cases of officers of the army retired with increased rank was passed.

At 4:50 p. m. the senate went into executive session and at 4:55 adjourned.

## COMMITTEE OFFERS TO SELL WALSH'S RAILWAYS

Chicago, March 5.—The committee appointed by the Chicago clearing house for the purpose of liquidating the affairs of the Chicago National bank, of which John R. Walsh was president, offered to sell the Southern Indiana and Chicago Southern railroads, which are the principal assets of Mr. Walsh's assets, for \$27,500,000. The offer was made to a committee of eastern railroad men, who have been lately inspecting the properties. If the price is accepted it will pay off all the obligations assumed by the Chicago clearing house, meet the book value of the Chicago National bank, which was \$24,000,000, and leave Mr. Walsh \$3,500,000. The offer has been taken under advisement.

## NEW YORK LIFE WILL FIGHT THE REPORT

New York, March 5.—The trustees of the New York Life Insurance company today authorized the president to employ counsel, if he shall see fit, to oppose passage in the legislature of certain recommendations of the legislative investigating committee. The trustees did not state specifically which recommendations were objectionable, and declared that they believed some provisions of the insurance committee to be salutary.

The trustees' report says that in their opinion some of the provisions of the proposed laws will be highly injurious to the interests of the policy-holders of the company and will tend to lessen instead of increase the safety of their investments represented by their premiums already paid.

## INDIANS NOT CITIZENS.

Washington, March 5.—The supreme court of the United States today denied the application of Columbia George and Toy Toy, both Indians, for leave to file a petition for a writ of habeas corpus. The two were tried in the United States circuit court of Oregon on a criminal charge and, being found guilty, attempted to bring that court to the supreme court on the ground that they were citizens of the United States and should have been tried in a state court. The court did not deliver a written opinion in the case.

## SAILED FOR MANILA.

San Francisco, March 5.—The United States army transport Logan sailed today for the Philippines. In addition to a number of cabin passengers, she carried the eighth infantry and two troops of the Third cavalry. She also took back two stowaways who arrived here on the Buford.

The transport Lawton went to the Mare Island navy yard today.

## NO FURTHER MEETINGS.

Norton, Conn., March 5.—It was stated today at the summer home of J. G. Phelps Stokes, where the conference of men interested in social reform was held Saturday, that there would be no further meetings of Mr. Stokes' guests.

## RUSSIA TAKES BULL BY HORNS

Important Move Made at the Algeiras Conference on Reforms in Morocco.

## FRENCH POSITION UPHELD

NO EXPRESSION FROM GERMAN DELEGATE.

Algeiras, Spain, March 5.—This afternoon's sitting of the conference on Moroccan reforms was marked by an unexpected and important move on the part of the Russian delegates, who laid before the conference an exposition of the police question. The document, which minutely goes over the existing situation in Morocco and analyzes the position of the various powers, concludes with an argument for the proposition that France and Spain are the most fit to be entrusted with the task of controlling the police force which is about to be created. The British, Spanish and Portuguese delegates expressed their concurrence in the Russian views. Italy, however, though inclined to favor the scheme, reserved final approval. Count von Tattenbach, the junior German delegate; Henry White, the chief of the American delegation, and the delegates of the several neutral powers, did not express their views.

Discussion of definite police proposals was postponed until Thursday, while the bank project will be argued on Wednesday.

The French and British delegates to the conference regard today's expressions from the Mediterranean powers as likely to exert great influence on the final vote of the neutrals relative to the policing of Morocco.

## THE DEATH RECORD.

Patrick O'Shea.

New York, March 5.—Patrick O'Shea, the Nestor of the Catholic publishers in America, is dead at his home in Summit, N. J., in his seventy-fourth year, having been born March 17, 1832, in Kilkenny, Ireland.

He came to this country in his nineteenth year, and in 1854 began business in this city. During the fifty-two years that his business had been established he published a great number of Catholic story, school and standard books. He was the author and editor, as well as publisher of most of his text books.

During the civil war Mr. O'Shea was an earnest advocate of the cause of the union, and his letters, signed "An American Citizen," published in the Boston Pilot and the Dublin Nation, excited much interest.

Miss Mary Lynch Wilkes.

Florence, Italy, March 5.—Miss Mary Lynch Wilkes, daughter of the late Admiral Wilkes, U. S. N., died here today of meningitis. She was 45 years old.

## BAD COUNSEL REJECTED.

Minsk, Lithuania, March 5.—The local Zionist leaders have issued an appeal to their followers to reject the advice of the Jewish bund, which is agitating against participation in the elections and urging them, in the interest of the Jews, not to lose an opportunity of electing representatives to the national assembly, as in many places the Zionists are in the majority.

## TRYING TO MAKE PEACE.

This, March 5.—In the hope of finally ending the race war, the leaders of the Tartars and Armenians today held a session under the presidency of Count Vorontzoff-Dashkoff, viceroy of the Caucasus, to arrange terms of peace.

## EIGHT HOUR STRIKE.

Boston, March 5.—Five hundred carriage and wagon workers struck today for an eight-hour day, a closed shop and Saturday half-holiday during the summer. About sixty firms are affected.

## HIS SKULL FRACTURED.

San Francisco, March 5.—An explosion today on the steamer Surprise at the Western Sugar refinery's docks at the Potrero, fractured the skull of E. S. May, second assistant engineer. He will probably die. May was working around the machinery when a condenser blew up and a piece of metal struck him in the head.

## TINGEY WILL LAY DOWN THE LAW

Says He Will Make Some "Suggestions" to the Continental Insurance Mch.

## CAN REVOKE THE LICENSE

ENEMIES OF TYREE AFTER HIS SCALP AND CONTRACT

"I will study this report carefully, and then I will probably make some recommendations to the company."

This was the announcement made by Secretary of State C. S. Tingey yesterday on the report made to him by Colonel George B. Squires and C. A. Glazier criticising the management of the Continental Life Insurance & Investment company and especially the acts of Hiram Tyree, its president.

Under the insurance law of Utah an insurance company is practically compelled to give heed to "suggestions" which the secretary of state may make, for, as insurance commissioner, he is clothed with broad powers to revoke the license of any company doing business in the state.

## What the Law Says.

Following is the provision of law on the subject:

"Whenever the secretary of state shall deem it best for the interest of the public so to do, he shall publish the result of such investigation in one or more newspapers of this state; and whenever it shall appear to the said secretary of state, from such examination, that the assets and funds of any company are reduced or impaired by the liabilities of said company to an unsafe extent, or that it is conducting its business illegally or in violation of its articles of incorporation or by-laws, or is practicing deception upon its members or the public, or is pursuing a plan that is injurious to the interests of the public, he shall notify its directors or managers, and if it shall not immediately amend its course or put its affairs upon a safe basis, he shall revoke the certificates of authority granted to the agents of such company, and shall cause a notification thereof to be published in some newspaper of general circulation in the state, and the agent or agents of such company are, after such notice, prohibited from the issuing of any new policy or the renewal of any policy previously issued. In the case of a corporation organized under the laws of this state which shall fail to comply with the demand of the secretary of state as aforesaid, it shall also be the duty of the secretary of state to communicate the fact to the attorney general, whose duty it shall then become to apply to the district court, or to one of the judges thereof, for an order requiring said company to show cause why its business should not be closed, and the court or judge, as the case may be, shall thereupon proceed to hear the allegations and proofs of the respective parties; and in case it shall appear to the satisfaction of said court or judge that the assets and funds of said company are not sufficient as aforesaid, or that the interests of the public require it, the said court or judge shall decree a dissolution of said company and a distribution of its effects; the said court or judge shall have the power to refer the application of the attorney general to a referee, to inquire into and report upon the facts stated herein."

## After Tyree's Scalp.

What the enemies of the present management of the company wish Mr. Tingey to do is to serve notice on the company that Mr. Tyree must be deposed as president, and that the contract with the Western Agency company, which Tyree controls, must be cancelled, under the terms of that contract the agency company is given the exclusive right to do all policy writing for the insurance company, and is given heavy compensation for doing so.

The examiners recommend to Secretary Tingey that an actuary be called in to determine whether or not the contract is for the benefit of the company, and Mr. Tyree may send east for an actuary in compliance with the recommendation.

## Want Concerted Action.

The foes of Mr. Tyree hope to secure concerted action among the insurance officials of the five states in which the Continental does business, to compel the cancelling of the agency contract as a condition precedent to its being allowed to continue in business. F. M. Raft, the San Francisco man who was the principal force in the criminal prosecution against Tyree, declares he intends to bring a suit to restrain the Western Agency company from doing business in California. Mr. Raft has returned to California with the avowed intention of making Mr. Tyree all the trouble possible.

Judge C. B. Diehl will not render his decision in the criminal proceeding against Mr. Tyree until the latter who is out on bail, returns from California. He is charged with a felony, and under the law must be present in court when the decision is rendered. He is expected back shortly.

## WOMEN'S DRESS COSTS LESS

Expense to Be Less than Ever Before, According to President of Dressmakers.

Chicago, March 5.—Women's dress will be less expensive this year than ever before, is the opinion of Miss Elizabeth A. C. White, president of the Dressmakers' National Protective association, who arrived here last night to preside at the convention of the association which opens today.

As to colors, Miss White said white and gray will be stylish, but the plain black runabout dresses, trimmed with white lace, will be the "proper thing" for this season. White silk sleeves must be worn invariably.

## JUMPED INTO THE SEA

FROM DECK OF STEAMER

Seattle, Wash., March 5.—Frank Carey, 35 years old, a well-known mining operator of Copper River and Nome, Alaska, committed suicide by jumping into the sea from the deck of the steamer Excelsior on Feb. 22, when the vessel was about to enter Yakutat. Carey was thought to have been insane. He was taken ill when the vessel left Seattle, and raved like a maniac at times. He was locked in the captain's room, but sprang out when conversing with friends and leaped into the sea. All efforts to save the man failed. He has a brother at Cripple Creek.

## DUCKED ACCORDING TO STUDENTS' DECREE

Delaware, O., March 5.—"Any students attending classes today will be ducked in the sulphur springs," was the threat of the students at Ohio Wesleyan today after the faculty had refused to grant a holiday as a celebration of the double victory in debate last Friday.

But one student, W. W. Neary, defied the edict. He was quickly taken from the class room and the promised bath administered.

## MONDELL BILL PASSED.

## RHEUMATISM THE TERROR OF WINTER

Rheumatism is usually worse in Winter because of the cold and dampness and other changed conditions of the climate. The occasional twinges of the disease that are felt during the warmer weather are changed to piercing pains, the muscles become inflamed and swollen, the nerves get sore and excited, the bones ache, and Rheumatism, the terror of winter, takes possession of the system. Then the sufferer turns to the liniment bottle, the woolen clothes, the favorite plaster or some home remedy, in an effort to get relief. But Rheumatism is not a trouble that can be rubbed away or drawn out with a plaster; these things relieve the pain and reduce the inflammation, but do not reach the real cause of the trouble, and at the next exposure another attack comes on. Rheumatism is caused by a sour, acid condition of the blood. The refuse matter and bodily impurities which should be carried off through the channels of nature have been left in the system because of indigestion, weak kidneys, torpid liver and a general sluggish condition of the system. These impurities sour and form uric acid, which is absorbed by the blood and distributed to the different muscles, joints, nerves and bones, causing the painful symptoms of Rheumatism. S. S. S. goes to the root of the trouble and cures Rheumatism by cleansing the blood. It neutralizes the acids and filters them out of the circulation and sends a stream of pure, rich blood to all parts of the body. Then the pains cease, the inflammation subsides, the nerves are quieted, every symptom of the disease passes away, and the cure is permanent. S. S. S. is purely vegetable and does not injure the system as do those medicines containing Potash and other minerals. Book on Rheumatism and medical advice without charge.
